

Sundeeep Gupta, MD, MPH is currently a Family Physician for Monterey County's primary care and HIV clinic system. He returned to Monterey County in 2020 after completing Family Medicine residency at NMC in '98, and then working at NMC between 1998 and 2004. Sundeeep is a fluent Spanish speaker, and has a 25 year familiarity and love for the Salinas valley.

Sundeeep completed a Diploma in Tropical Medicine and Travelers' Health at Tulane University in 2000. After leaving Monterey County in 2004, he completed CDC's 2 year Epidemic Intelligence Service program, and then worked across the world* in epidemiology, health policy, outbreak response and global health diplomacy as the Country Director for the US Centers for Disease Control and Prevention and the University of California Los Angeles Division of Infectious Diseases in various countries. He has authored about 50 manuscripts mostly in enteric diseases, community-based primary health care, and HIV, and his professional interest is contributing to health system change through working across clinical, behavioral and public health practice, science and policy for vulnerable and underserved populations.
